MARINES READY TO LAND AS SOON AS INTERVENTION ORDER IS GIVEN BY THE PRESIDENT

**AFTER CABINET MEETING
TAFT DECIDES TO AWAIT
FURTHER MEXICAN REPORTS**

**MADERO AND DIAZ FORCES RE-
NEW STRUGGLE WITH REBELS
CENTERING ATTACK ON THE
PALACE.**

WASHINGTON, Feb. 14—With marines ready to land within an hour after an order for intervention in Mexico is issued, President Taft today prepared for instant action should the reports on the killing of Americans in Mexico City be verified.

Following a cabinet meeting, at which the entire Mexican situation was gone over, it was announced that the president will hold the order in abeyance until word is received that the "uncivilized warfare" has been extended to the killing of foreign residents, including Americans.

From the reports received from Mexico today intervention appears imminent. At the war department it is stated that President Madero is weakening. Ambassador Wilson reported today that the national palace has been partly destroyed and that bands of guerrillas are infesting the streets and making it dangerous for Americans to be at large. The ambassador is urging foreign residents to leave immediately and it appears that sentiment is turning toward Diaz. Pillagers are sacking the smaller towns of Mexico.

Streets Strewn with Dead—

MEXICO CITY, Feb. 14—President Madero's forces and the rebel hordes under Felix Diaz, although almost exhausted with nearly five days and three nights continuous fighting, continued the struggle today.

Hundreds of Mexicans and foreigners deserted their homes during the night, fleeing into the country. The central part of the city is covered with debris of shattered buildings and many of the side streets are impassable. A projectile struck the gilded cross on the famous Renaissance cathedral in the Plaza, built in 1573.

This morning Madero sent an ultimatum to Diaz calling on insurgents to lay down their arms or suffer annihilation. The reply from Diaz was a volley of heavy shells sent toward the national palace. To this the federal batteries replied and soon all the batteries were in action, dropping shells in all quarters of the city.

American Club Damaged—

WASHINGTON, Feb. 14—Dispatches from Ambassador Wilson in Mexico City today state that Americans are not in grave danger. The American club has been damaged, but there was no loss of life. Yesterday's fighting ended in

"SQUEALER," SAYS WIFE; MAN SHOOT

**GAMBLER INFORMER TRIES TO
KILL WIFE; KILLS DAUGHTER**

**MAN WHO SAID HE GAVE NEW
YORK POLICE \$50,000 GRAFT
MONEY SAYS HIS FAMILY RE-
VILED HIM.**

NEW YORK, Feb. 14—James Purcell, the gambler who told the Curran police investigating committee he had paid \$50,000 graft to the police, attempted to kill his wife this morning, then turned the revolver on his daughter, Agnes, 12 years old, killing her instantly.

Purcell then surrendered to the police and said the shooting took place because his wife and daughter called him a "squealer" and reviled him.

When he drew the revolver and shot at his wife she fainted and Purcell thought he had killed her.

Diaz favor. The Maderites, after their repulse at the arsenal, retired to the national palace and the revolutionists are slowly closing in on them.

The bodies of the persons killed in yesterday's fighting remain in the streets today.

**OHIO DAY POSTPONED UNTIL
TUESDAY, FEBRUARY 25TH**

**SMALL ATTENDANCE AT ANNUAL
MEETING, BECAUSE OF IN-
CLEMENT WEATHER — OFFI-
CERS ELECTED.**

Owing to the inclement weather prevailing Thursday afternoon, the annual meeting of the Ohio association of this city was but poorly attended, only about 75 persons being present. The election of officers was held, however, this being the prescribed time, and resulted in the selection of Dr. S. P. Leland for president and C. B. Lockwood and E. M. Condit, vice presidents, while Prof. J. L. Wright, principal of the Daytona public schools, was re-elected secretary.

There were some informal addresses and discussion of the affairs of the society and it was decided to hold another meeting of the Ohio people at the same place, the New Daytona theater, at 2 p. m., Tuesday, February 25, at which time the original program of addresses, etc., will be carried out and a general but informal reception will be held.

A new register has been opened at Hankins' drug store and all Ohio people are requested to place their signatures therein.

**MONTH OF JANUARY WAS THE
WARMEST DURING 16 YEARS**

**TOTAL OF 2.23 INCHES OF RAIN
FELL DURING THE HEAVY RAIN
THURSDAY AND THURSDAY
NIGHT.**

The rain Thursday and Thursday night was the heaviest this section has had this winter, a total of 2.23 inches of water falling during the day and night, according to the record kept by J. G. Brown of South Ridgewood avenue.

Mr. Brown's records on temperature show that January this year was the warmest January during the past 16 years, the average temperature for the whole being 68.5. The next warmest January was in 1907 and 1909, the average temperature for the month in both of those years being 66.5. The coldest January was in 1902, when the temperature averaged 53, and the grand average for the 16 years has been 57.

OPERATION PERFORMED ON HALL BOY

**FRACTURE OF SKULL FOUND
TO BE WORSE THAN THOUGHT**

**CONDITION OF LAD STRUCK BY
AUTOMOBILE MORE FAVOR-
ABLE TODAY BUT OUTCOME IS
UNCERTAIN.**

Following an extensive operation on Wallace Hall, the boy who was struck by an automobile and dangerously hurt in Seabreeze Wednesday afternoon, performed Thursday night, the statement is given out by Dr. Bohannon today that the condition of the boy is more favorable today than at any time since the accident, but the outcome is still very uncertain.

Dr. R. C. Turk was called here from Jacksonville by Dr. Bohannon for consultation on the boy's condition Thursday afternoon and the operation followed the consultation. The skull was trepanned and the fracture was found to be worse than superficial examination had shown, the bone being cracked in five directions. The internal injuries are not believed to be as dangerous as at first feared.

Everything possible is being done to save the boy's life and he seems to be holding his own today.

Mr. and Mrs. June Crawford of Springfield, Mich., arrived Wednesday afternoon. Mrs. Crawford is a cousin of Mrs. A. E. Mason of this city and Mr. and Mrs. Mason visited Mr. and Mrs. Crawford at Springfield last summer. They are accompanied by Mr. and Mrs. Courtwright, also of Springfield, and the party is located for a time at 226 Volusia avenue. They will go from this city to points on the lower East Coast.

AMERICAN CLUB NOW DEMOLISHED

**NUNS AND CHILDREN KILLED
WHEN SHELL HITS CONVENT**

**RED CROSS AT MEXICO CITY
ESTIMATES 2,000 HAVE BEEN
KILLED AND WOUNDED IN 24
HOURS.**

MEXICO CITY, Feb. 14—The Red Cross estimates that 2,000 soldiers and noncombatants were killed or wounded in the fighting yesterday and last night. Diaz claims to be winning.

The federals have been doing their heaviest bombardment against the federals today and the federals are becoming disheartened. The national palace has been on fire several times.

The federals tried to mount a machine gun on the top of a German brewery and the owner hastily nailed a German flag to the pole, then declared he would shoot the first soldier on the roof. The soldiers retreated.

The American club and Protestant missionary church have been demolished. The report that four Americans have been killed is unverified. A convent was struck by a shell while the nuns and children were at prayer and many of them were killed.

The federals are threatening to use dynamite to blow up the buildings. The Union Jack over the British consulate has been torn by a shell.

SUREST TEST OF OLD AGE

Don't Look at Your Face for the Signs of Time's March—Watch the Heart.

The dear little old lady was just as cross as she could be!

All because the old-fashioned conductor had said: "Be careful. Watch out, grandma. Don't get off the car till it stops."

It was probably the first time that from the lips of a stranger came the verdict that the world had begun to look upon her as an old lady.

She must have known that her shoulders were a bit stooped—but old! No, not just in the prime of life, and the very idea of that man calling out: "Watch out, grandma!"

But after all, what matters what the conductor said? There is a rumor of inner consciousness that should tell one if one is growing old.

"Don't look at your face to see if age is creeping on. Watch the heart. Beware of allowing care to make crows' feet there."

Oliver Wendell Holmes summed up the philosophy of life when he said: "I am seventy years young today." Every birthday should see one's heart younger. The only way to keep from growing old is to keep growing young. The only time to begin growing young is before one begins to grow old.

There are mental attitudes and limping worse than those of a faltering foot. There are aches and pains caused by selfishness and narrowness much worse than those of rheumatism. Begin this moment to grow young.

Gotham is the name of a village in England whose inhabitants, according to ancient tradition, were noted for their unsophisticatedness and simplicity and hence were called, by way of ridicule, "the wise men of Gotham." English legends and rhymes refer to the wise men of Gotham, and Washington Irving, in Salmagundi, applied it as a nickname to New York because the inhabitants were such wiseacres. The nickname has survived its original significance if it ever had any.

Not Likely.
"I wish you would shoot at me, just the same as you shoot at the animals you are going to kill," said Judge Moss, at the Carnarvon (Wales) county court, to a butcher who was giving evidence in quiet tones. "If you were going to kill an obstreperous bull you would not whisper like this," added his honor.

The Saving Element.
"The party'll go to pieces in this reform wave unless the boys can get a plank in the platform to protect them." "I see. A sort of gangplank." —Baltimore American.

DIDN'T SAYEY OWN LANGUAGE

Filipino Draws Down on His Head Indignation of Amateur Interpreter.

A party of tourists in a small Filipino village were trying to make the native driver of a bull cart understand that they wished their baggage transferred from the bungalow to the railway station at two o'clock in the afternoon. But the native did not seem to comprehend either their gestures or their hybrid language.

Standing near the tourists was a recruit of the United States army, who had been in the "Islands" just a month and was extremely proud of the few words of "Hog Spanish" that he had learned. So he offered his services as interpreter.

"Say, hombre," said he impressively to the Filipino, "when the clock on that steeple yonder strikes two, 'ding-ding, you get your bull cart, 'moo-moo,' and carry these trunks to the station, 'toot-toot.' Sayey!"

"No sabe," solemnly replied the native.

"What-ati!" roared the interpreter.

"Do you mean to tell me that you don't understand your own language?"

Kindness to the Fish.
Ethel, who was ten years old, was studying her geographical reader, and learning that fish are placed in brine before they are dried and prepared for sale. After explaining that brine is very strong salt water, the teacher asked why the fish were placed in it. Ethel's face was illuminated with sudden understanding, and she promptly replied: "Because they are used to salt water!" —Youth's Companion.

The finest resort
hotel in the world
is being built at
Sunset Mountain
Asheville, N. C.

Absolutely Fireproof
Will open July 1st

Wm. S. KENNEY, manager

MR. E. W. GROVE, of St. Louis, Mo., is building the finest resort
 hotel in the world, to be opened July 1st, 1913. It will be absolutely
 fireproof, and is being built of the great boulders of Sunset Mountain, at
 whose foot it sits. It is being built by hand in the old-fashioned way.
 Full of rest and comfort and wholesomeness.

¶ The front lawn is the hundred-acre eighteen-hole golf links of the
 Asheville Country Club, and with it sixty acres of our own lawn.

¶ The purest water obtainable anywhere, piped seventeen miles, from
 the slopes of Mount Mitchell, over 6000 feet altitude. Baltimore milk and
 cream exclusively, supplied from 200 registered Jerseys on the estate of
 Mr. Geo. W. Vanderbilt. It is doubtful if this famous dairy is equaled
 in the world.

¶ Four hundred one-piece rugs are being made at Aubusson, France.
 Seven hundred pieces of the furniture are being made by hand by the
 Roycrofters. The silver will be hand-hammered.

¶ The plumbing material will be the finest that has ever been placed in
 any hotel in the world. The soil pipe has been hydraulically tested and
 then galvanized. The hot water pipe, 18,000 lbs. in weight, will be solid
 brass. The steam pipes are Byers genuine lap-welded wrought iron tested
 hydraulically to 1000 lbs. The bathtubs and fixtures all solid porcelain.
 No pipes visible anywhere. No radiators to be seen—all placed in re-
 cesses under windows. No electric bulbs to be seen.

¶ The "Big Room," or what some call the lobby, is 80 feet by 120, and
 the rugs in this one room will be worth \$5000.00. The two great fire-
 places in it will burn twelve-foot logs.

¶ For the golfers we are building lockers and shower bath rooms with
 a forty-foot swimming pool that will not be excelled by the finest clubs
 in existence, and the players will be less than 100 yards distant when they
 are on the links.

¶ Mr. Wm. S. Kenney, of Bretton Woods, N. H., who has shown in his
 management of The Mount Washington hotel and Hotel Clarendon,
 that he is the peer of hotel keepers, will manage the Inn.

¶ We own eight hundred acres around the Inn (consumptives not
 taken).

¶ Especially available for northern guests in the Spring, Fall and Winter,
 going or returning from farther southern resorts, or for an all Winter re-
 sort.

¶ The Inn is located on the side of Sunset Mountain, about a mile from
 the top, and is not only cool enough in the Summer to make a blanket
 necessary at night, but is protected and mild enough in the Winter to
 make life enjoyable without enervation.

CHAUTAUQUA COURSE IS TO OPEN
WITH CONCERT SUNDAY AFTERNOON

www.sandwichboards.org.uk

This conference, commencing early Monday at 10 a. m., at the New Yorker Hotel, covered, naturally, the first question of importance, and it was agreed that the two most basic needs of the American people are food and shelter, and that in an event like this, the first duty of the government is to see that the people are not starved and that they are not homeless.

CHAUTAUQUA COURSE IS TO OPEN WITH CONCERT SUNDAY AFTERNOON

The Celebrated Chicago Ladies' Orchestra

The chautauqua commencing next Sunday at 3 p. m., at the New Daytona theater, will undoubtedly be the greatest educational, musical and social event that has ever been held in Daytona, and is an event that will long be remembered. For years different attempts have been made to launch a large chautauqua but with very little success and encouragement, but this year everyone is taking a personal interest and it is bound to be a success.

In regard to the program in general, it would have been impossible to secure a greater man than the peerless orator, William Jennings Bryan; also the noted humorist and author, John Kendrick Bangs, and the cel-

greatest salubrities, in a story entitled, "A Strenuous Day at Oyster Bay." Mr. Bangs keeps his audience roaring with laughter from start to finish. He will close Daytona's first chautauqua Tuesday evening, Feb. 18.

Everybody should help to make this event a grand success, so that next year we can have a chautauqua extending ten days or two weeks. The following hotel men, business men, citizens and tourists have already secured one or more double season tickets, so if you want to join you had better make reservations at Hankins now:

Chas. H. Perkins, Miss Blair, E. H. Mace, J. N. Davis, W. C. Woodworth, William M. Stillman, Mr. and Mrs. Fengar, Mrs. T. Dickinson, Prof. J. L. Wright, H. T. McClellan, N. S. Hon. W. J. Bryan

brated Chicago Ladies' Orchestra, who will furnish music for the entire chautauqua week.

This is the first opportunity the people of Daytona and surrounding country have had of seeing and hearing the great Commoner, Wm. J. Bryan of Nebraska. Everybody should take advantage of this chance to hear the greatest orator and the first citizen of the land. Mr. Bryan will discuss the general governmental problems which will confront the democratic party upon its advent to power and the world at large, in his lecture on "The Signs of the Times" here Monday night, Feb. 17.

The Chicago Ladies' Orchestra, consisting of eight musicians, is the best company of its kind on the lyceum or chautauqua platform today. The orchestra is ably assisted by Miss Cora LaProde Cawthon, the pretty reader of Mobile, Ala., presenting interpretative sketches from "As You Like It," "Polly of the Circus," "The Witching Hour," "Madam Butterfly," "Strongheart," and other short stories. Miss Cawthon has a charming stage presence, a rich voice, and a remarkable insight.

The Ladies' Orchestra will open Sunday afternoon at 3 o'clock with a grand sacred concert; on Monday afternoon they will give their popular concert; Monday evening prelude to Bryan, of 30 minutes; Tuesday afternoon, classical music at its best; and closing Tuesday evening with a 30 minutes prelude, followed by John Kendrick Bangs, giving one of his most humorous lectures, "Salubrities I Have Met," a lively and witty running talk about the more or less famous men and women he has known in the course of his career. It includes gossip anecdotes of statesmen, poets, novelists and others, and closes with an exquisite presentation of the character of one of the

Mulcahy's Lament.
Thirty-five years ago Mulcahy dispensed both liquors and politics in the Fourth ward, New York. A visitor found him civil, but doleful, his very soul rent with grief over the speculations of his barkeepers.

"Faith, and I've tried all sorts of things—Catholics, black Protestants and Jews. Devil a bit cud I ever tell which shote the most, but I have them now. I'm after buyin' 'is new invention; 'tis called a cash register, and devil burst the man who cud shetle from that thing."

It was more than two weeks before the visitor called again. He found him tending bar himself, using his pockets for a till, while the cash register stood forlorn and neglected and cobwebby on its shelf. He was calm, but there was that in his air that told of blighted hopes and the fall of an ideal. However, the Celtic vivacity of expression awoke at some vague reference to the cash register.

"Ah!" he exclaimed. "The curse o' Crummeel be on it, on them that made it and on them that told me it would prevent shetleing. Them barkeepers had it bated the first week; they wint t'rough it like the devil wint t'rough Athlone—in shetleing legs."

Today.
So here hath been dawning
Another blue day.
Think, wilt thou let it
Slip useless away?

Out of eternity
This new day is born,
Into eternity
At night will return.

Behold it aforeside
No eye ever did,
So soon it forever
From all eyes is hid.

Here hath been dawning
Another blue day.
Think, wilt thou let it
Slip useless away?
—Thomas Carlyle.

Awkward Congratulations.
When James F. Smith, former governor general of the Philippines and now a member of the court of customs appeals, was practicing law in San Francisco just before the Spanish war he was famous for the pugnacity with which he fought in court for his clients.
On one occasion a judge, considering him a trifle too emphatic in his pugnacity, sentenced Smith to serve twenty-four hours in jail. It happened that on the same day there was made the announcement of Smith's selection as colonel of the First California militia. Just as he reached the jail the following telegram was handed to him:
"Congratulations. The right man in the right place."—Minneapolis Journal.

His Own Manuscript.
George Ade in the early days of his career, before the "Fables in Slang" had brought him fame, called one morning in Chicago upon a Sunday editor on a mission from a theatrical manager.
"I have brought you this manuscript," he began, but the editor, looking up at the tall, timid youth, interrupted:
"Just throw the manuscript in the wastebasket, please," he said. "I'm very busy just now and haven't time to do it myself."
Mr. Ade obeyed calmly. He resumed:
"I have come from the theater, and the manuscript I have just thrown in the wastebasket is your comic farce of 'The Erring Son,' which the manager asks me to return to you with thanks. He suggests that you sell it to an undertaker to be read at funerals."

Then Mr. Ade smiled gently and withdrew.

A Shad "Row."
An unruly class in a public school reformed on a promise by the teacher to let them give a negro minstrel show in the school at the end of the term, and when the performance came off it was a howling success.

One little temporary ducky, rubbing his arse, finally attracted the attention of the interlocutor.
"Why, Mistah Jones," he exclaimed, "what's de matter wit' yo' arse?"
"Why, Mistah Bones, Ah wuz out in de Hudson river yestaday fo' shad, an' Ah got mah' arse lame rowin' against de tide."
"Well, well," returned the young Mr. Bones: "Ah neva saw such foolishness! Why didn't yo' let de shad row?"

VALUE OF THE SUNROOM

Wise Woman When Superintending the Building of Her Home Will Add This Apartment.

The wise woman when superintending the building of her home will add a sunroom to the house.

This is a place where the children can gain health. Greenhouses are built to give sunlight to plant life, but the children are allowed to grow in sunless rooms.

The sunroom is best when built upon the second floor, facing east and south.

The numerous windows should be built close together and set in a sloping roof.

This room should be arranged so that it is conveniently independent of the rest of the house, in case of illness.

Paint the walls cream, and have the floor parquet. Carpets and rugs should be eliminated from the sunroom. They harbor dust and germs.

Where the floor and wall join, a curve should be made, as in the modern hospital.

The furniture should be of the simplest, comfortable chairs, settees and cushions with washable covers should be the rule.

Here, during the spring months, the children can study with particularly good results, and spend all recreation hours in this room.

This is an excellent reason why the sensible woman should set this "trap to catch a sunbeam."

Hundreds of Centuries Old.
What is believed to be the earliest human skull yet found in England has been unearthed in a Sussex gravel pit. It is judged to belong to the Pleistocene period, and to be quite as old as any human remains yet found in Europe. The skull is said to have evidently belonged to an exceedingly primitive type of human being and to have enclosed a brain with marked differences from that of any living race.

Plain, Like the Squire.
"I hear you have got a new baby, Wiggins," said the squire to his gardener. "What are you going to call him? Not some high-fown name that will make him ridiculous in after life, I hope?" "Oh, no, sir," replied Wiggins. "If it's not a liberty, sir, we thought of calling him plain James—after you, sir."

Exercise.
There may be courtesy, there may be even temper and wit and talent and sparkling conversation, there may be good will, even, and yet the humanest and divinest faculties pine for exercise.—Thoreau.

Woman.
Wrinkles are said to be the result of experience. Is that why woman is so keen on having her wrinkles massaged away?

SKUNK'S WEAPON OF DEFENSE

So Awful Is the Effects of Its Spray That No Living Thing Will Attack It.

The skunk is about the size of a large cat, and so awful is the effects of its spray that no living thing, unless by mistake, will attack it, and in consequence it is quite fearless, and will hardly get out of the way of man.

Mr. Hudson, who has had experience of it in South America, tells of how a foolish eagle vulture, pressed by hunger, tried to seize the menacing tail, but immediately afterwards began staggering about with disheveled plumage, tearful eyes and a profusely webbed expression on its vulture face.

After a dog has once experienced those few dreadful drops of perfume, it will hardly ever be induced to attack the little fiend again. But if, after much persuasion and banter, a poor canine, bolder than the average, is urged to the attack, and can seize the skunk by the back, then the victory may lie with the dog, but if the spray reaches the dog before it can do this, it will fall down as if shot, and not recover for days.

A drop on a man's coat will render it quite useless for further wear. For the preservation of life man has developed brain, the elephant its tusks, the tiger its claws and teeth, the deer its fleetness of foot, the snake its poison, the stinging nettle its sting, the bush its thorn and the skunk its drops of horrible odor, so powerful that it tortures the olfactory nerves past endurance, and pervades the whole system like a pestilential ether, nauseating one, until sea-sickness seems almost a pleasant sensation in comparison.

Varieties of Sharks.
The many varieties of the shark are divided into the littoral, the pelagic and the bathybal, according as they are found near the shore, or in mid-ocean, or at great depths. Besides those mentioned there are the liver, the hound, the shovel-nose, the tiger, the hammer-heads, the porbeagles, the fox or thresher, and the basking shark, sometimes, though wrongly, called the sunfish.

Let Him Cultivate Patience.
The members of a church in the southwest have given their pastor an automobile. It is hoped that no member of his congregation may be present the first time the crank handle hits him on the elbow.

OF STUDY BY PALMETTO CLUB****CAPT. CHARLES A. YOUNG GIVES
MEMBERS INTERESTING NAR-
RATIVE OF TRIP TO NOTED
LAND.**The literature department, Mrs. J.
H. Niver, chairman, was in charge
of the program at the Palmetto club
meeting Thursday afternoon. In
spite of the weather a fair sized
audience was present.Mrs. Niver explained, in opening
the program, that the year's study
had covered Norway and Sweden,
more particularly the dramatic phase
of historical events, rather than the
growth of institutions, the Vikings
and bold warriors of the sea. Partic-
ular pains had been taken that
the stage should suggest the topic of
the day. A large 9x18 land and
water scene depicting a narrow fjord
between glaciers with glimpses of
mountains rising against mountains
beyond occupied the space back of
the stage. The foreground was de-
corated with Norway spruce and plum
trees, which stood out effectively
against the snow covered vista.The musical program selected for
the occasion and especially brilliant
was given by the Palmetto orchestra
of five pieces.Little Mary Bascom, seven years
old, charmed the audience with two
numbers, "A Firefly Dance," and
"Songs and Nursery Rhymes," both
of which were executed with dainty
charm.An interesting biographical sketch
of the life and work of Jenny Lind,
the Swedish Nightingale, was read
by Mrs. W. H. Heath, who gave
many unpublished facts concerning
the great singer, whose loving char-
ities were only exceeded by her
unpretentious nature. In conclusion
Mrs. Heath mentioned the fact that
a tablet, a medallion in profile, had
been placed to her memory in West-
minster Abbey.Captain Charles A. Young, the
speaker of the afternoon, had for
his subject, "A Voyage to North
Cape and Spitzbergen Island." The
speaker said in the beginning that
it was not his intention to relate the
history of the country or recite epics
on its heroes, but simply to give a
pleasant little narrative of a voyage
he had on the Hamburg-American
steamer line to the land of setting
sun. The steamer left Hamburg
July 5, and reached Spitzbergen July
23, leaving July 24 on the return
trip. Captain Young told his story
in a pleasant conversational style
and his audience sailed with him up
the Elba into the North Sea and
around the west coast of Norway,
quite as interested as he was in all
that excited wonder and admiration
in the ways of the people and
grandeur of the scenery. Many of
the places mentioned, to be sure,
they had never heard of before, but
the wooden houses, with roofs cov-
ered with flowers and plants, the
fine old paintings and laces, the
Laplanders and mode of life, were
all items of passing interest on the
trip. With him the audience watched
the sun at midnight touch the hori-
zon, drop his fiery rim into the water
line and then begin his daily as-
cent again. This was at Cherry is-
land, near Spitzbergen, and from
this place they tacked on their re-
turn trip.The last number on the program
was a reading by Mrs. H. Y. Still-
man, "Selection from Sagas of Olaf."
Mrs. Stillman was in the costume of
the Norwegian peasant and her ren-
dition, especially vivid and eloquent,
was enthusiastically received.A club tea, next Wednesday after-
noon, was announced by Mrs. Niver
to give opportunity for new mem-
bers to become better acquainted.*German toys that are different

The Ladies' Aid society of the Seabreeze Tourist church met at the home of Mrs. S. S. Pierson on North Halifax avenue Wednesday afternoon last week. An interesting talk on her travels in Alaska by Mrs. Cora Powell and one or two musical selections by Miss Pierson gave pleasant variety to the business feature. After some discussion it was decided to give a cake and ice cream sale to be held in the east room in the Williams' block, which Mrs. Williams offered free of charge. Mrs. Williams, Mrs. Varney, Mrs. Bianchi, Mrs. Dates and Powell were appointed a committee on entertainment. The meeting was well attended, 40 ladies being present. The officers of the society are, president, Mrs. Thos. R. Simpson; vice president, Mrs. S. S. Pierson; secretary, Miss Meda Pierson; treasurer, Mrs. J. E. Williams. The next meeting, Wednesday, Feb. 19, will be held at the home of Mrs. Cora Powell, Daytona Beach.

The San Souci club met with Mrs. Robt. C. Holmes on North Halifax avenue Thursday. Mrs. Geo. H. Sheets read a fine paper on individuality, and Mrs. A. Ayres on Peace. Light refreshments were served at the social hour.

The Seabreeze high school are being showered with bouquets on the success of their dramatic evening last Friday at the New Daytona theater, competent critics declaring it the best amateur performance ever staged in Daytona. The students are also gratified over the financial success of the venture, which netted something over \$50. The money will be applied for school library benefits. The tennis court, which has recently been completed on the school grounds is greatly enjoyed by the student body.

F. E. Lowell has just completed numerous improvements on his pretty winter home on North Halifax avenue, and what with a new dining room, electric lights, soft water system installed and a fresh coat of paint, the place looks especially tasty.

Mr. and Mrs. John A. Comstock and daughter, Louise, are among the Elmira, N. Y., contingent located at the Elmira cottage on North Halifax avenue.

Friends of Miss Kelly, Dr. S. H. Adams, wife and cousin, of Elmira, N. Y., stopped off at St. Augustine a few days, enroute to Seabreeze to spend the remainder of the season.

Mr. and Mrs. Marling and son, of Lansing, Mich., arrived this week and have secured housekeeping apartments in Miss Kelly's beach house.

At an adjourned session of the town council held Monday night, an ordinance for cement sidewalks on both sides of North Peninsula drive from the south city limits to Ocean boulevard passed on third reading, and work on the street has already begun. At this meeting a motion was passed that the town hall shall be the place of registration. It was also moved and carried that a regular registration book be purchased. The marshal was instructed to collect the kerosene lamps which had been removed from North Halifax avenue and Ocean boulevard and place them to the best advantage on other streets of the town, not electric lighted.

Mr. and Mrs. Clark S. Wortley of Ypsilanti, Mich., regular winter visitors, arrived Monday, and are located in the Gilmore house for the remainder of the season.

Dr. and Mrs. Toombs, of Memphis, Tenn., are guests at the Burgman home. Dr. Toombs is just recovering from an attack of grippe, his son, who is also an M. D., accompanying him on the trip, but left next day on his return home.

Miss E. M. Rowland and friend, Mrs. W. R. Curtis, arrived Friday from Boston, Mass., and are guests at the Geneva. Among other arrivals of the week are Mrs. Van A. Mills, Washington, D. C., Mr. and Mrs. T.

B. Escott, Winnipeg; Geo. R. Leech and wife, Cortland, N. Y.; Mrs. David R. Swain and daughter, Sarah, Danville, Ill.

Miss Jean McKelvey this week joined her mother and family at the Princess Issena.

Mrs. Heinz of Chicago, her little daughter and maid, arrived from Miami and are guests at the Princess Issena. They will be joined by Mr. Heinz later. Among other recent arrivals of the week are Mrs. J. E. Stacey and Mrs. E. R. Stearns, Cincinnati, O.; Mr. and Mrs. L. G. Gardner and mother, Toledo, O.; Mr. and Mrs. D. C. Shepherd, Winnipeg; Mrs. Achol McBean and son, Philip, Winnipeg.

Miss DeWitt and friends, visitors to the city, have leased the Navajo cottage on the beach and are in possession.

Mrs. F. L. Seely and children arrived from Atlanta, Ga., and after a short stay at the Clarendon, are pleasantly domiciled in their handsome winter residence on the ocean front. This is the new coquina mansion which has just been completed by Contractor S. H. Cove, and is considered the handsomest home in this vicinity.

Maurice Kell, who left on his return to his home in Indiana shortly after the death of his brother, Russell in a letter of thanks to Miss Della Walker, reported his mother and brothers getting along reasonably well, although they were having a tight freeze up at the time. The money for the burial expenses of Russell Kell, \$65, was raised in the Baptist churches of Daytona and Seabreeze, mostly the former, and by a donation of \$10 by a generous outsider.

J. A. Coburn will join his family here Sunday to remain over until Tuesday, when Mrs. Coburn will go with him as far as Jacksonville on his way north.

On a debt of \$500, which was contracted for the building of the Seabreeze Congregational Tourist church a balance of \$150 remains unpaid. There is now an effort being made to raise \$50 for further liquidation this season. The Sunday congregations are now taxing the seating capacity of the church, and Rev. E. J. Ranslow and wife have many friends among the winter visitors and residents.

The Gilmore house has been leased for the remainder of the season by C. M. Lewis and the following party, which came down with Mr. Lewis from Thompson, Pa., and vicinity: Mr. and Mrs. C. Z. Pickering, Mr. and Mrs. E. W. Pickering and Mrs. A. Hubbard, who took possession this week.

Mrs. Frank Baldwin and son, Kenneth, of Endicott, N. Y., have secured housekeeping rooms with Mrs. Wilson on North Halifax avenue.

Mrs. R. D. Taylor of Atlantic avenue is suffering from a severely sprained ankle, which was occasioned by a stumble on an uneven sidewalk last week. She is under a doctor's care, who thinks he may have to put the limb in a plaster cast.

The Baptist Mission Society of Seabreeze was organized last Thursday evening at the home of C. B. Poor on North Peninsula drive. Dr. M. P. Guy, moderator; P. A. Rivenberg, clerk; Mrs. Frank Beebe, treasurer; C. B. Poor, George Town, M. P. Guy, trustees. The society is organized for the purpose of carrying on the mission work. The building committee is out this week soliciting funds for a church building. The congregation has outgrown the little Sunday school room erected about a year ago.

Today.

Today is your day and mine, the only day we have, the day in which we play our part. What our part may signify in the great whole, we may not understand; but this we know—it is a part of action, not of whining; of love, not of cynicism. It is for us to express love in terms of human helpfulness.—David Starr Jordan.

His Case Exceptional.

"Who's the thin little man with the melancholy expression?" "That's Hummer, the poet, who wrote the beautiful verses with the refrain, 'Life is what you make it—you can make it glad.' He suffers from chronic dyspepsia."—Cleveland Plain Dealer.

The annual reunion of the Harvard, Ill., colony, who spend their winter in Daytona Beach and vicinity, was held Tuesday at the home of Mr. and Mrs. E. Rector, on Peninsula drive. The company gathered early and had a day of unalloyed pleasure, and many were the pleasant reminiscences and jokes of youthful escapades recalled. A sumptuous dinner was served on the lawn. Hot coffee, hot biscuits, oysters in every form, strawberry shortcake were features of the tempting menu served. After dinner the company posed for a group picture. The only regret of the day was that Mrs. Rector was prevented from taking active part in the pleasures of the day by a sprained ankle. However, she was placed in a chair and taken to the table, and was among the chief fun makers. Those enjoying the reunion were I. E. Baldwin, Chicago, Ill.; Miss Bell Griffin, Citrus Center, Fla.; Mrs. Rayner, Cedar Rapids, Ia.; Mrs. W. A. Wakely, Chicago, Ill.; Mr. and Mrs. George Diggins, Spencer, Ia.; Mr. and Mrs. A. B. Diggins, Harvard, Ill.; Mrs. John McFadden and son, Van Horne, Ia. Mr. and Mrs. J. Alexander, Rockford, Ill.; Mr. and Mrs. Robert Johnson, Mankato, Minn.; Mrs. L. A. Reid and daughter, Margaret, Cedar Rapids, Ia., who are visiting Mrs. Reid's parents, Mr. and Mrs. Rector, the genial host and hostess of the day.

Capt. Thomas A. Cobb has purchased Miss Blakeslee's pretty little cottage on Orange avenue, which adjoins the Cobb winter home on the south. Capt. and Mrs. Cobb expect to occupy this cottage next winter, as it is just large enough for their use and rent the one they are now occupying. Miss Blakeslee is to have the right of possession, after the present tenants leave, until her new home on Peninsula drive is completed, work on which will begin in April. L. Z. Burdick has the building contract.

Mrs. S. R. Artman of Indiana is visiting her father, Capt. Thos. Cobb and wife at their Hoosier cottage, and will probably spend the remainder of the season here. Mrs. Artman is the wife of Judge Artman, of the circuit court of Indiana, who rendered the famous decision against the saloons, and who afterwards took the field for the Anti-saloon League. Mrs. Artman is quite a writer, having contributed many articles and stories to various well known publications. Mrs. Artman has also written a book entitled "Glimpses of the Sunny Southland," which came out in 1903.

The night ferry service has been put on between Daytona Beach and Daytona, and now that Capt. Ellenwood has sold his excursion boats, Cherokee and Uncle Sam to Ralph Nutting he is giving his personal attention to the service.

Miss Etta Freeman entertained at 500 Saturday evening at Pinehurst in honor of one of the guests of the house, Miss Clara Stolte of Michigan.

Mrs. C. S. Clarke left for Chicago last week to accompany the sick man, Mr. Mills, back home. Mr. Mills and wife, friends of Mr. and Mrs. Clarke, came here for his health, after he had undergone an operation. At first he seemed to improve, but later his wife was taken sick and he suffered a relapse, and it became necessary for him to return to the hospital, and his wife was too ill to accompany him. Mr. and Mrs. Mills were temporarily at the Reed home, expecting later to take a house.

E. A. Davis, of Atlanta, Ga., is spending his 12th winter in Daytona Beach and his 30th winter in Florida. Mr. Davis is usually at Pinehurst, but this winter is located with Mrs. Moon. He is in his 86th year, and looks like a boy of 60. He is a great Sunday school worker and receives a hearty welcome from the church workers each season.

HOTEL CLARENDON

Miss Ada Adsit, popular manager of the Ask Mr. Foster information bureau in Hotel Clarendon, in her recent aviation flight with George Gray, the daring aviator, was flying for nearly 20 minutes, at an altitude of 1,600 feet. Miss Adsit, in her sky-high fly, started from Daytona Beach, going northwest almost to Ormond, then out over the Atlantic ocean, circling about the Halifax, landing on the beach in front of the Hotel Clarendon.

Yesterday's arrivals at the Clarendon include a party of New Yorkers, Mr and Mrs H L Bash, Miss Barsh, Miss Schermerhorn, Mrs H C Spear, Miss Josenfield, Dr J W Fisher, Miss Fisher, Mr Watson, M Freer; J E Gardner and son, Jessie Dutton Marks, Springfield, Mass; Mrs J R McWane, Birmingham, Ala.

Disregarding the heavy downpour Thursday, everyone was busily engaged with the enjoyable indoor pursuits. Bowling alley, pool and billiard tables were active with players, while the dancing set gathered in the music room to trip the light fantastic.

A Rising Young Man.

Herr Bierdimpf (as his tall vis-a-vis slowly rises)—Say aren't you going to leave off getting up soon?—Fliegende Blätter

Birds Voracious Feeders.

As instances of the amount of food some birds consume, the Rev. C. T. Phillips, vicar of Ivegill, a well-known Cumberland naturalist, the other day found in the crop of a wood-pigeon he shot 140 beech nuts, whilst another wood-pigeon had devoured more finely-chopped turnip leaves than he could hold in the palm of his hand.

"House Sisters."

The House-Sisters Association of Berlin was established not long ago to ennoble domestic service and to establish better relations between the employers and the employed. The association has a "Mother House" near the city, where girls are trained for services, situations being found for them when competent. Those in charge of the home keep in touch with the girls after they have gone out into the world to make their own way.

Domestic Economist.

An excellent Manchester lady frequently invites her friends to tea, but she does not furnish her table lavishly. When her guests have eaten all the bread and butter and cookies, and realize that the meal is over, she looks brightly at the empty dishes. "Well, now," she says, in triumphant tones, "haven't I judged your appetites exactly?"—Manchester Guardian.

Rare "Breeches" Bible.

A "breeches" Bible, dated 1601, was recently bequeathed by Dr. William P. G. Black of Dublin to his brother, the Rev. Gibson J. H. M. Black. This is the translation in which Adam and Eve are described as making themselves "breeches" of figleaves. The authorized version uses the word "aprons."

Invited to Dine.

His Wife (at the other end)—"Well, if you've already asked Mr. Law to dine with us, I suppose I'll manage somehow, but you know I don't like him." He (at this end)—"She says everything's all right, and she'll be tickled to death to see you."—Brownings Magazine.

First One Brave Enough.

If the case of the juror who asked the court whether he had to listen to "this rot," meaning the attorneys' arguments, is the first on record, it is not because countless jurors before him did not want to ask the question. —Detroit News-Tribune.

Matter Easily Settled.

Butler—"Quick! Quick! Your wife, sir, is climbing out of the window to elope with your chauffeur sir." Master—"Humph! Ask them, as they pass the newspaper all over, to insert an ad for a new chauffeur."

She Knows.

"You never thank a man for giving you a seat in a street car." "Not any more," replied Miss Cayenne. "I used to until I noticed that almost invariably he was going to get out at the next corner anyhow."

F. B. Williams and R. Wallen of Bridgeton, N. J., were Daytona visitors from Wednesday until Thursday of this week, stopping over here on their way north from a visit to Palm Beach and other points south. Mr. Williams is a brother-in-law of Mrs. Hettie L. Williams of Bridgeton, who owns a winter home on Third avenue and she was delighted to show the attractions of Daytona to the gentlemen. They were, as is usually the case, very much pleased with the city and Mr. Williams said they had seen nothing equal to it elsewhere along the coast.

Mr. and Mrs. Manley Weston of Dodge Center, Minn., who spent last winter here, are again guests at the Magnolia hotel for the season, having arrived Wednesday evening.

Much interest is being shown in the offer of the Daily News to give away 12 tickets to "The Havoc," the play to be presented by the Paul Gilmore company at the New Daytona theater next week Friday night. Application.
The important end of historical knowledge is a prudent application of it to ourselves, with a view to regulate and amend our own conduct.—Thomas Zouch.

Beginning Afresh.
"Each morning is a fresh beginning. We are, as it were, just beginning life. In a sense there is no past, no future. Wise is he who takes today and lives it, and tomorrow when it comes—but not before it comes. The past is of value only by way of the lessons it has brought us. There should be no regrets or crippled energies that result from such. We have stumbled—all have stumbled."—Ralph Waldo Trine in Harper's Bazaar.

Not a Man's World.
This is not rightly a man's world. Great men are but dreams of women become militant. Women are the real inspirers of men; they ignite his every conception. Never yet has man sung, painted, prophesied nor in any way woven tighter the spirit of his time, but that his mother was first great enough to attract the gift; and more often than not, upon his maturity, the potential gift was startled into its supreme expression by another mother's daughter.—Will Leighton Comfort.

Believes Hens Once Had Teeth.
That hens had teeth in the olden days is the opinion of Professor Gilbert of Los Angeles (Cal.) high school. In a recent address before a local organization of naturalists he also told his auditors that the eggs of birds have greatly decreased in size since their teeth became extinct. Had they been marketed then as they are now, he considered, they would, at the present scale of egg prices, bring from \$250 to \$1,000 each.

Simplify Life.
"I do believe in simplicity. It is astonishing as well as sad, how many trivial affairs even the wisest man thinks he must attend to in a day; how singular an affair he thinks he must omit. When the mathematician would solve a difficult problem he first frees the equation of all incumbrances and reduces it to its simplest terms. So simplify the problem of life, distinguish the necessary and the real.—From Thoreau 'Letters.'"

ELIZABETH OF ROUMANIA

There is a rumor that the Prince of Wales will marry Princess Elizabeth of Roumania. The princess, who was born in 1894, is the second child and eldest daughter of the crown prince and princess of Roumania, the latter of whom is the daughter of the duke of Saxe-Coburg and Gotha, better known in England as the duke of Edinburgh.

Sleuthing Coffee Fragrance.
Under Frederick the Great fellows with keen, long noses, throughout the country got jobs as Coffee-smellers to smell out the bean roasting and to detect the odor off the boiling coffee. The government tried building big coffee roasting plants and charging high prices, and in time the Germans all turned again to beer, and coffee was considered a luxury.

To Help in Hanging Pictures.
Cut a groove in the end of a curtain pole, place the end of the picture wire in it, and hoist it up to the nail or hook from which it is to hang. This saves climbing up and down, and also allows one to see more clearly how the picture is going to look.
